Dixon, IL – The Illinois Department of Transportation announces today that construction work on I-74 for the south approach to the Mississippi River bridge is nearing completion. All lanes and ramps will be open to traffic this afternoon.

There have been lane closures on I-74 since late March when Civil Constructors began the \$4.4 million project to make repairs to the viaduct structure carrying I-74 from south of 7th Avenue in Moline to the Mississippi River bridge.

Motorists should be alert for temporary daytime lane closures for the next several days as cleanup work is finished.

Please slow down and use extreme caution while driving through all work zones.
